## Dovetail ports

Sean Sabbage - 2018-01-31 - [0 Comments](#) - in [Dovetail](#)

The following ports are required for outbound traffic only, i.e. the connection will be made from the browser or device to the IP and port indicated.

IP	Port	TCP/UDP	Device	Purpose
52.56.140.25	443	TCP	Browser	Web administration
52.56.140.28	443	TCP	Browser	Web administration
52.56.124.52	443	TCP	Device	Configuration management
52.56.126.223	443	TCP	Device	Configuration management
52.56.124.52	5060	TCP and UDP	Device	Service monitoring (not for SfB)
52.56.126.223	5060	TCP and UDP	Device	Service monitoring (not for SfB)
52.56.193.201	9361	TCP	NRT client	Network readiness testing
52.56.193.201	80	TCP	NRT client	Network readiness testing (SfB)
52.56.193.201	443	TCP	NRT client	Network readiness testing (SfB)
52.56.193.201	5061	TCP	NRT client	Network readiness testing (SfB)
52.56.193.201	8057	TCP	NRT client	Network readiness testing (SfB)
52.56.193.201	448	TCP	NRT client	Network readiness testing (SfB)
52.56.193.201	49152-65535	UDP	NRT client	Network readiness testing (SfB media ports)
