## UK Holidays 2020

Piotr Marchewka - 2019-12-19 - [0 Comments](#) - in [General Information](#)

SIPHON TAC operates during UK business hours for all cases and out of hours for critical cases only. Since some of our customers operate in countries where public holidays do not necessarily match the UK public holiday schedule, this article details the public holidays for 2020. On these days you can submit tickets as normal, however our TAC will only be responding to critical incidents.
